

## Plumbing and Electrical Services

Our Whole House plans extend to electrical and plumbing too. We've got you covered to make sure there is a savings plan for all the services we provide. Here are just a few examples of what our plumbers and electricians can do for you.

### Plumbing

- Fixture replacement/installations such as toilets and sinks
- Install appliances such as dishwashers and garbage disposals
- Replace well pumps
- Install water heaters
- Replace expansion tanks
- Replace outdoor spigot/sillcock
- Troubleshoot leaks and drips
- Install water softeners

### Electrical

- General wiring
- Service upgrade
- Panel upgrade
- Install/upgrade switches and outlets
- Install smoke and carbon monoxide detectors
- Install electric vehicle (EV) chargers
- Install/replace light fixtures, fans, and bathroom exhaust fans
- Panel labeling
- Install generators
